## **STRENGTH AND SAFETY WHERE YOU NEED IT**

### ***10" and 22" wrap models***

Strong, durable and good looking, Aero bulkheads provide strength and security for your driver and your load. DOT-rated bulkheads come in 10" and 22" wrap models. The 22" wrap model is designed with holes in the top rail for Side Kit bow storage. Aero tests DOT rated bulkheads to FMCSA 393.114 standards with their destructive tests. Flat (no wrap) non-DOT rated models available.

**Tested to meet federal DOT regulation**

**Easy installation**

*no stake pockets required across the trailer front*

**Also available in Flat (no wrap) non-DOT models**
