

MAC Trailer Enterprises, Revving Up Production of Straight Truck Bodies with Expanded Facility Capabilities

Alliance, Ohio – August 1, 2024 – MAC Trailer Enterprises, a leader in trailer manufacturing, is excited to announce a major expansion of its production capabilities in the straight truck body sector. With the addition to our new 136,000-square-foot-facility dedicated to this initiative, MAC Trailer is poised to better serve the needs of dealerships and end-users across North America.

Ken Speedy, Director of Straight Truck Products at MAC Trailer Enterprises, stated, "We are thrilled to expand our efforts in the straight truck body industry. This expansion not only increases our manufacturing capacity but also demonstrates our commitment to meeting the evolving demands of our customers. MAC Trailer is back in the straight truck game and ready to serve our clients with enhanced capabilities and dedication."

Expanded Offerings

With the enhanced capabilities of our new facility, MAC Trailer is proud to offer a wide range of straight truck body solutions, including:

- **Mounted Bodies and Ship-Out Options:** Offering flexibility in delivery and installation to meet specific logistical needs.
- **Wide Range of Styles:** Our diverse product line includes aluminum smooth side, sheet and post, half-round, and steel options, available in both pronounced and smooth side finishes.

Why Choose MAC Trailer?

- **Experience & Expertise:** With over 30 years in the manufacturing industry, MAC Trailer brings unparalleled expertise in straight truck bodies, ensuring top-notch quality and durability. Our state-of-the-art R&D facility rigorously tests designs beyond standard operating conditions, maintaining the high standards MAC Trailer is known for.
- **Customization:** We provide a variety of customization options to ensure our products meet precise specifications and preferences.
- **Commitment to Excellence:** Our dedicated team offers exceptional service and support, from initial inquiry through delivery and beyond, ensuring complete customer satisfaction.

"We invite you to explore our enhanced capabilities and discover how our products can benefit your operations," Ken Speedy continued. "Our team is ready to assist with any questions and provide detailed information about our offerings. We are eager to collaborate with our clients and contribute to their success with our innovative solutions."
